Jazz Marriage of Figaro at the Liceu Conservatory *Mozart's opera as you never have heard it.*

Barcelona, February 7th, 2018

Enjoy one of the masterworks in the opera repertoire as you never have heard it before! The **Liceu Conservatory** proudly presents **Jazz Marriage of Figaro**, a unique operatic experience a product of the mind from of **Paco Mir**, a member of *Tricycle* (the celebrated gestural theatre company) and stage director, that will bring you the experience of enjoying this Mozart's great work joined with the best jazz.

Next **February 21st and 22nd**, one of the most expected productions of the current **Liceu Cambra** concert series arrives, and it will blend all the prestige of the Conservatory's lyrical tradition with its multidisciplinary vocation in order to offer the audience an exceptional event: a startling version of *The Marriage of Figaro* by the Singing students not accompanied by a symphonic orchestra, but by a jazz trio, also made up of Conservatory Jazz students, and an actor who will lead the plot.

The original script and directing of this project, about an essential character in the history of the opera (this man from Sevilla born from the Beaumarchais' pen), is by **Paco Mir**, whose career includes two Max awards, the production of several television shows and publicity campaigns, as well as the direction of many plays. Conservatory Jazz teacher **Jaume Vilaseca**, who has arranged Mozart's imperishable music in a Jazz idiom, will be the musical conductor.

The performances will take place at the Liceu Conservatory Concert Hall (C / Nou de la Rambla, 88), one of the best stages of its kind in Barcelona. For more information and ticket sales visit the website:
